1. INTRODUCTION

The magazine named Pengasuh is a religious magazine published by the Kelantan Islamic

Religious Council and Malay Custom and Religious Council (MAIK), which started in January 1918 and lasts until now as it enters the 644 edition for the month of January 2016. Pengasuh is the only academic religious magazine in Malaysia with the oldest publication as it approaches 100 years of age and it is also a magazine that still uses Jawi writing as its official writing in every publication. In short, Pengasuh has undergone various adversities and challenges throughout its 98 years of publication whether in terms of the responses of the public, sponsors, production, finance or the war situations. The challenges did not weaken the effort to publish the magazine, but it was even doubled and the magazine rose as an Arabic magazine that has given the longest contribution in terms of religious thinking and knowledge up to this very day.

With the expansion of various knowledge disciplines in Pengasuh, its contribution as one of the medium of the development of Islam in Malaya is undeniable. Among the knowledge that has expanded the longest in Pengasuh is the study of Tafsir. After going through almost 400 volumes of Pengasuh from various sources such as Malaysian National Library, Dewan Bahasa dan Pustaka (DBP), Tun Sri Lanang Library of Universiti Kebangsaan Malaysia, Nilampuri Library, University of Malaya, Darul Aitam Library, Kelantan Islamic Religious Council and the source from the Kelantan's Islamic Council and Custom's Publication Unit, it is found that the expansion of the study of tafsir had started from the initial publication before the independence and had spread occasionally through several prominent figures from the Archipelago from Indonesia and academicians from Malaya.

Other than the text analysis, authors also adopted the interview method where they interviewed several figures who have been directly or indirectly involved with the magazine. Among the figures mentioned are Ustaz Muhammad Mahmud, who were a former chief editor of Pengasuh from 1991 to 2006. From the interview, it is found that he had been active in the writing of articles in Pengasuh since 1965 when he was still at school, before he was appointed by the Islamic Council as an assistant writer in the 1980s [9]. Other figures who were involved indirectly who have been discovered successfully by authors were Ustaz Ismail Che Daud or better known as Ustaz. We also involved as a full-time columnist of Pengasuh from 1979 to 2004. He had written a lot about the backgrounds of the Malayan scholars and

he had his own column in Pengasuh under the theme *Ulama-Ulama Tanah Air* or National Religious Scholars in its publication in 1979 until 2004. From this observation and interview that authors managed to keep tab of several writers who were involved directly with the study of tafsir in the magazine and included in this study to be discussed. Nevertheless, some of the writers cannot be elaborated in detail due to the lack of sources and clear materials. In this work, authors will explain about who are the figures of tafsir writing in Pengasuh, the columns they had and the titles of the tafsir published.

2. TAFSIR WRITING IN PENGASUH

The writing of tafsir studies did not start in the early years of publication which was from the era of Tok Kenali back in 1918, but it started in the 1950s during the time of Ustaz Mohd Adnan Ariffin as the editor-in-chief. The writing was detected from 1955 in the 272 edition, authored by a scholar from the Archipelago, KH. Munawwar Khalil from Indonesia with the tafsir entitled *Jangan Menjadi Islam Separuh* cited from the translation of Surah al-Baqarah verses 208 and 209 [8]. The writing was cited by the Pengasuh's editor-in-chief at the time from the original work of KH. Munawwar Khalil and included in the magazine to become one of the religious disciplines. However, from 1955 to the next year, his writing could never be found. Nevertheless, starting from there, it had triggered scholars and academicians to continue the legacy of the tafsir study.

Starting from 1960 until today, several prominent figures and tafsir writers have successfully been identified to have been engaged in tafsir writing in Pengasuh. There were 6 talented people after KH. Munawwar Khalil. Among the *Guru Muda* or young teachers who were active in the writing of tafsir of the Quran in Pengasuh around 1960 until 1961 [5], followed by Dato' Dr. Wan Hussein Azmi Abdul Kadir in 1965 [7], M. Zulni in 1967 until 1970 [4], Dato' Yusoff Zaky in 1975 until 1995 [30] which continued in 2005 and 2006 and the final writer Ustaz Mohd Roslan Abdul Ghani from 2008 until 2011 [15-17]. All the names mentioned are the figures and writers who have written the tafsir successfully in the magazine for so long until the tafsir studies has celebrated its 60 year in 2015 with the presence of a writer from al-Azhar whose work was HAMKA. Dr. Abdul Hafiz Abdullah who was the

Senior Lecturer under Islamic Civilization in Universiti Teknologi Malaysia starting from 2014 up until now [12-13]. These tafsir writers have given a great contribution to the expansion of the religious knowledge particularly classic Islamic in Pengasuh and simultaneously it has hailed Pengasuh as a medium of the development of religious knowledge that must be broadened so much so that it can become the medium of reading for the Muslim community in the country.

3. WRITERS AND COLUMNISTS OF TAFSIR WRITING IN PENGASUH

Every writer is allocated a special column by Pengasuh's Editor-In-Chief for them to publish their own respective writing. All of them have different tafsir columns and distinctive methods in interpreting the verses of the Holy Quran. Other than that, the columns and number of production of the series of tafsir, the titles of the publication also have to be considered throughout the time that they serves as writers in the magazine. All titles that have been discussed seek to elaborate on meanings derived from the verses of the Quran. The columns of tafsir are detailed below, together with the title of their writing in the magazine Pengasuh.

3.1. KH Munawwar Khalil (1955)

The Quranic tafsir by KH. Munawwar Khalil was placed under the column Tafsir al-Quran al-Karim by the editor-in-chief at the time. The number of tafsir published was once, which was at the 272 edition in Pengasuh in 1955. Although it was a one-off writing, it was sufficient for him to stand prominently as a pioneer to other figures and to continue the legacy of the knowledge of tafsir in the subsequent years. His average number of pages was 3 pages from a total of 25 pages of the entire magazine [8]. The title of his Tafsir is as follows:

Table 1. KH Munawwar Khalil's tafsir title

No	Title	Tafsir Column	Year / Edition
1	<i>Jangan Menjadi Islam Separuh</i> -Tafsir from al-Baqarah verses 208-209	Tafsir al-Quran al-Karim	1955 / Edition 272

3.2. Guru Muda (1960-1961)

Guru Muda or Young Teacher is the pen name of a tafsir writer in Pengasuh from 1960 and 1961. His background is not found because at the time Kelantan Islamic Council still did not have a proper record system towards the columnists of the magazine who were engaged directly or indirectly, making a lot of writers resorted to pseudonyms and pen names that not much about them was ever revealed. Guru Muda had a tafsir column under the title Tafsir al-Quran al-Karim and Ruangan Tafsir in the magazine Pengasuh totaling 2 to 3 pages that he allocated to explain the tafsir one by one. Throughout his involvement with the writing, he had written 5 tafsir elaborations where one was dated back in 1960 and the rest in 1961 [6].

al-Quran al-Karim and it had the most number of pages of tafsir in the history of Pengasuh. The analysis done on the Quranic tafsir writing by Dato' Dr. Wan Hussein Azmi finds that his writing had taken up 15 to 28 pages from the total number of 90 pages of the magazine, making the tafsir column gain the largest column compared to others [7]. He published 7 publications of tafsir writing for 1965.

3.6. Roslan Abdul Ghani (2008 -2011)

Roslan Abdul Ghani was another columnist of Pengasuh and at the same time he worked as an assistant publisher with the Kelantan Islamic Council and Malay Customs. Although he did not have the status as a full-time columnist in Pengasuh, he managed to secure a place as an editor of Pengasuh in turns with other writers. Throughout his involvement with Pengasuh from 2008 to 2011 he had written several series of tafsir published occasionally in the magazine. The series was placed under the column "Tafsir Maw'dui" revolving about the interpretation of al-Quran using the method of comparing the verses. He had published 7 series of Quranic tafsir with an average of 2 to 4 pages from the pages of Pengasuh [18].

3.7. Dr. Hafeez Abdullah (2014-Present Day)

Dr. Hafeez Abdullllah has been involved in modern tafsir in Pengasuh from September 2014 until now. His tafsir has been a breath of fresh air as he no longer discusses the translation and elaboration of verses of the Quran but more to discussing each topic by closely adhering to Tafsir al-Azhar authored by Dr. Hamka. His series of Tafsir also did not have column like any other previously, only taking up 2 to 3 pages of the magazine to be presented to the readers, on the studies Tafsir al-Azhar [14].

No	Title	Tafsir Column	Year / Edition
1	"Keburukan Ekonomi Riba"-Tafsir al-Azhar	None	September 2014 / Edition 636
2	"Tanggungjawab Muslim Terhadap Al-Quran"-Tafsir al-Azhar	None	March 2015 / Edition 639
3	"Cabaran dan Realiti Dakwah menurut Hamka"-Tafsir al-Azhar	None	November 2015 / Edition 643
4	"Salah Faham Terhadap Pendakwah"-Tafsir al-Azhar	None	January 2016 / Edition 644

The existence of all these columns of tafsir studies goes to show that classic Islamic is well catching up in a century-old magazine named Pengasuh. With writings from various prominent figures and writers from various backgrounds, it has more or less altered the structure of tafsir studies and the content improved to make it easier for the readers to comprehend and have a clear understanding of the tafsir. The titles explained serve as the scope of debate brought on by these various scholars for discussion, with the elaboration of Quranic verses provided. Every content will be detailed and at the same time they would also

resort to the strength of other resources such as Hadiths, Aqwal Sahabat or views from previous scholars. Some of the tafsirs were comparative as evidence of the truth of the al-Quran as performed by Dato' Dr. Wan Hussein Azmi in his tafsir.

In sum, the development of Tafsir studies in Pengasuh has become evident to this very day with a wide range of knowledge disciplines and improvement done at par with the passing of the era.

4. CONCLUSION

Tafsir writing that was rooted in Pengasuh was undertaken by several prominent figures until it reached its 60th year although the reality has it that it did not secure any special place in the hearts of the people today. As one of the longest-standing religious magazines in Malaysia, Pengasuh should be prioritized in the discussions of the scholars because it is from this magazine that a lot of articles from well-established and world-renowned scholars-from the time of Tok Kenali through the era of Pendeta Za'ba, next to the era of Buya Hamka until now- have been published. The writers have the opinion that the studies on the magazine should be broadened until there exist studies on the themes in the magazine itself, starting from the first edition in 1918 until now, simply to prove to the modern masses that the knowledge legacy that has grown so well in this magazine, will not die in vain.
